## Why should I contact the Community Connectors?

A sense of belonging and being part of something is important to all of us. It builds our self-esteem and confidence. Voluntary and community groups are fundamental in creating places for likeminded people to meet.

There are so many fantastic groups operating across North Norfolk, but sometimes it's hard to know where to look for information. The Community Connectors aim to bring together all the information about local groups, but we need your help. The more information we have, the more we can share it with your community.

**Together we can make connections.  
Support one another.  
Help people find their tribe.**

The Community Connector Team are funded by the North Norfolk Health & Wellbeing Partnership and North Norfolk District Council. Our aims are to improve the quality of life for residents in North Norfolk by connecting people, harnessing community spirit and resilience.
