PMC182 Walcott, B1159 Coast Road – Carriageway Drainage

Essential carriageway drainage work on B1159 Coast Road, Walcott, is due to start on Monday 28 September 2026. The work, which is expected to take up to 8 weeks to complete, weather permitting, will involve installing new gullies along the carriageway, which will connect to a new outfall point in the seawall.

To ensure the safety of operatives and road users alike, a temporary road closure will be in place along B1159 Coast Road, from 28 October to 20 November 2026. Access to properties within the closure will be maintained throughout, although there may be unavoidable delays during this time. Operatives will be on site to manage any access issues in relation to the work.

The County Council thanks people for their patience while this essential carriageway improvement work is carried out.

The work, which is expected to cost £94,250, will be carried out by Norfolk County Council's Infrastructure Department and their contractors.
